3M™ Drive-Thru System G5

US Launch Package

Smart Technology for **SOUND** Drive-Thru Results

Introducing the 3M™ Drive-Thru System G5 featuring the NEW 3M™ Drive-Thru Basestation G5.

The all-new digital, network-ready baseation is designed with the most advance technology, and combined with a new menu post speaker and microphone, delivers super sound clarity and clear communication between the order taker and the customer.

The 3M™ Drive-Thru Basestation G5 features:

- A smaller footprint- Less wall space needed
- Built-in greeter and more messaging capability
- Dual lane functionality in a single base
- Ability to upgrade a single to dual lane on site, in minutes
- Compatible with G5 and XT-1 headset systems
